UK - Bristol / Dunleavy - Pinot Noir & Seyval Blanc - Simply put this is the best Rose we have ever
had and its locally produced, we tasted vine tomato & notes of tropical fruits - Bottle only - £29

SPARKLING

Italian / Casa DeFra Prosecco DOP

You will notice it has a cork with string holding it in place, this is because it is a Frizzante
(semi-sparkling) but it is plenty fizzy enough, it has some lovely apple and pear flavours and a slight
sweetness to make it very drinkable. Bottle only £17.5

NATURAL WINES

made with only naturally occurring yeasts from the grapes themselves, no sulphites added and
generally leaning towards biodynamic farming practices, expect unique flavours.

RED Spain/ Pampanezo 2011 - This is a full bodied well rounded with big berry, spice and tannins -
on the nose the aroma is quite intense due to va being present but we forgive it as the wine tastes
quite so fantastic - Bottle only - £29

RED French/ Au bout de doigts 2015 - Super light bodied with a mild carbonation, light crisp red
fruits and a distinctive faint hay / oak flavour great in hot weather - Bottle only - £29

WHITE Italian/ Falerio oris - Fuller bodied medium dry white, well balanced with notes of pink
grapefruit - Bottle only - £27
